Hostrups Have Tenants' Representation (TR) Information for Residents

Who We Are

The Tenants' Representation (TR) is the elected group representing all residents of Hostrups Have in matters concerning the property, communication with the landlord, and community-related activities. By Danish law, at least three elected members are required to form the TR.

Main Responsibilities

Reviewing modernization notices together with LLO, handling rent-related disputes, holding meetings with Heimstaden, responding to resident emails, managing financial matters, preparing annual accounts, maintaining resident communication channels, and organizing community activities.

Meetings

The TR aims to meet every two months. An annual residents' meeting is held each March. Regular meetings with Heimstaden are also arranged to discuss maintenance issues, resident concerns and future plans.

Working Groups

Community events are often organized through independent working groups responsible for activities such as flea markets, social gatherings and other community initiatives.

Time Commitment

Members should be able to respond to urgent resident emails within one to three days and participate in meetings online or in person when needed.

Interested in Joining?

The TR depends on residents who are willing to contribute time and help improve the community for everyone living in Hostrups Have.
